Communiqué from the panel of Commissaires

Title **Communiqué from the College of Commissaires**

Date **25th April 2011**

The race organisers would like to thank the riders for participating in an experiment to evaluate the application of transponder timing

On behalf of the College of Commissaries, I would like to acknowledge the sporting nature of the competitors and their mentors and backroom staff for their due diligence and conduct during the Kerry Group Ras Mumhan of Easter 2011. To the race organisation who put the jig saw together and for the sporting nature of the stages which brought the vision of cycling to the general public. The co-operation that the organisation got from the authorities to run such a major event on the roads of the 'Kingdom.' Without offending anybody who played their part, the Gardai, marshalls and the medics went above and beyond the call of duty on several occasions. Long may the race and particularly the sponsors continue to support an event which is gaining in notoriety as the years advance.

Thomas Campbell
Commissaire President
